Finally the rain has come and what a difference it has made to everything that grows; the grass is greener, the weeds are taller and for some the hair is frizzier, can't do a thing with it! Taking advantage of this growth spurt, work has begun on mowing the winter course, which will open up another 9 holes, in fact it will transform the course into a 27 hole course, which is a real bonus for members and visitors alike. If you haven't played the winter 9, then you are really missing out on something special, so get out there and enjoy the challenge and the views. Take a pack lunch but be sure the bring back your waste.

Congratulations to:
