**I**t's great to see the giant of the club back from Bali and without any tattoos as far as we can see; I speak of John Abbott, of course, our Larger than life Captain whose sense of humour keeps us all sane and none too proud of ourselves or above our station..

**W**elcome back Ray Dunstan one of our club's finer gentlemen, who hasn't played due to injury and health reasons for nearly two years, Ray came back with a vengeance winning the American pairs on Thursday, I chose a good partner me thinks. Although Ray has not been fit to play because of his injuries, he has kept up contact with the club through volunteering and helping to mow the fairways; what a stellar bloke! We look forward to seeing his smiling face at the end of a club more often.

**O**ur ladies made a good account of themselves at the Ledge Point Ladies Open Day 11th May, where I believe there were 63 competitors. It made for long queues to get a hit but the weather was kind to them. There's definitely merit in having an 18-hole golf course when dealing with numbers of this nature. Keep that in mind!

**T**he course is looking great, although there is very little growth and virtually no rain, which has led to a few dry patches. No doubt when Leon & Linda get back from their jaunt around the country Leon will get to grips with the finer detail of grass management.

**H**ere is a letter recently sent to the club bearing testament to how well our club pulls together. "Team Lancelin, Congratulations to you **all** on hosting another successful Ladies Open Day on Thur 27th April. Your operation runs like a 'well-oiled' machine - the course is neat & tidy, the food is delicious, the raffles are generous and above all, the fellowship is fabulous. Jan Fergy would be **very** proud see what you have achieved! Thank you for hosting us - we had a delightful day and thoroughly enjoyed your hospitality. WELL DONE GALS & GUYS, TOP EFFORT! See you next year! Cheers Strawb & Carol"

## Congratulations to:
