Dear Committee Members,

This is being sent as a text and email; you may respond to either.

Please read the following proposal and if you agree or disagree to the purchase then reply to me asap with either: AGREE or DISAGREE

Leon proposes that we purchase the trailer as detailed below for the following uses:

- The trailer would be used to collect fertiliser from Perth,
- to cart sand around on the course,
- to carry the IBC full of water around the course and
- for other general use on the course.

Description:

- 8x5 tandem axle heavy duty Australian made hot dipped galvanised box trailer (model number Jpt14BG)
- Mechanical override disc brakes
- New 14 inch wheel with new 175/65/14 tyres x 5
- 300mm tray
- Swivel jockey wheel
- Spare wheel bracket on draw bar
- 1500kg aggregate (including trailer 350kg - 1150kg load capacity)
- LED lights

\$3155.00 including g.s.t and 6 months licence

Stamp duty (2.75%) and transfer fee (Approx \$18.00) are govt charges and not included in our price.

1% surcharge applies to credit card payments.

Build time is currently around 8-10 weeks.
